EDUCATION

B.Tech in Artificial Intelligence & Machine Learning | VIT Bhopal University | Expected 2028 | **CGPA:** 8.24/10

Relevant Coursework: Data Structures & Algorithms, Database Management Systems, Computer Networks, Object-Oriented Programming.

TECHNICAL SKILLS

- **Programming:** Java, Python, JavaScript (ES6+)
 - **DSA:** Arrays, Strings, Linked Lists, Stacks, Queues, Hashing, Recursion, Sorting, Searching, Time & Space Complexity
 - **Frontend:** React.js, HTML5, CSS3, Tailwind CSS
 - **Backend:** Node.js, Express.js, REST APIs, JWT Authentication, Socket.io
 - **Databases:** MongoDB, MySQL
 - **Tools:** Git, GitHub, Postman, VS Code, Cursor
-

EXPERIENCE

Web Development Intern | InAmigos Foundation | May 2026 – June 2026

- Applied frontend and full-stack development concepts while completing assigned web development tasks in a practical project environment.
 - Strengthened skills in web application development, problem-solving, and professional collaboration.
-

PROJECTS

Real-Time MERN Chat Application | [GitHub](#) | [Live Demo](#)

- Built a real-time messaging application using Socket.io and implemented JWT-based authentication with React Context API for secure user-session management.
- Developed a responsive UI that dynamically updates message threads without page reloads.

Full-Stack Blog Application | [GitHub](#) | [Live Demo](#)

- Created a content management system featuring secure CRUD operations for blog posts and user-specific authentication. Implemented Cloudinary integration for image uploads & media handling
- Improved backend reliability using Express.js middleware for centralized error handling and request validation.

Income & Expense Tracker (MERN) | [GitHub](#) | [Live Demo](#)

- Built a financial management dashboard allowing users to log transactions and visualize spending trends. Designed RESTful APIs to perform CRUD operations on transaction data stored in MongoDB.
 - Utilized Chart.js to create dynamic visualizations for analyzing spending patterns and transaction trends.
-

CERTIFICATIONS

Full-Stack Web Development with MERN Stack & Generative AI — Udemy | 2026
